BARREN COUNTY --- 0.7 N BON AYR [37.06, -86.07], 1.9 SE PARK CITY [37.08, -86.02] 01/10/08 14:02 CST 0.50M Tornado (EF1, L: 3.07 mi, W: 350 yd) 01/10/08 14:06 CST 0.10M Source: NWS Storm Survey The tornado first touched down along Millstown Road southwest of Park City. It uprooted and snapped the trunks of several large trees, and did some minor roof damage to a nearby home. The tornado was on the ground intermittently along its path to the south and east of Park City, destroying eight barns and uprooting or snapping numerous trees. Right before it lifted, it tore the front porch off a home and destroyed a barn. A path of straight line wind damage continued for around a mile and a half after the tornado lifted.

Thunderstorm winds downed several trees and power lines.

A powerful cold front set off a lengthy squall line that crossed all of central Kentucky on the evening of January 29. A large number of locations had 60 to as much as 100 mph winds, causing extensive property damage. There were also a few small tornado spin-ups.
